Re: Results Radio, LLC, Station KCEZ(FM), Los Molinos, CA  
Request for Partial Refund of FY 2003 Regulatory Fee  
Fee Control No. 0309248835396008

Dear Mr. Fritz:

This is in response to your letter dated September 19, 2003 submitted on behalf of Results Radio, LLC (Results Radio), licensee of Station KCEZ(FM), Los Molinos, California, requesting a partial refund in the amount of \$900.00 of the \$1,850.00 fiscal year (FY) 2003 regulatory fee. Our records reflect that Results Radio paid the regulatory fee.

You assert that Station KCEZ should be charged the FY 2003 regulatory fee for an operating, licensed FM station (i.e., \$950.00) as opposed to the regulatory fee for an outstanding FM construction permit (i.e., \$1,850.00) because the station has been providing service as "a fully operational FM radio station" to the community of Los Molinos since July 11, 1998. You state that the Commission granted KCEZ a permit to construct a new FM station on Channel 269A in May 1997 and, in September 1997, issued a modified permit to operate on Channel 271B1 "with conditions relating to channel shifts of other stations."<sup>1</sup> You state that in April 1998, after completing

---

<sup>1</sup> In subsequent correspondence, you explain that "KCEZ applied for an upgrade to Channel 271B1 based on the order issued in MM Docket 96-103" and pursuant to the Commission's policy allowing "FM stations to make the most effective use of the spectrum by authorizing stations to apply for channels that are being vacated by other stations." You state that "KCEZ's authorization for Channel 271B1 at Los Molinos could only be implemented if FM station KHJQ, Susanville, vacated Channel 271C2, which it had been ordered to do in MM Docket 96-103. KHJQ was ordered to shift from Channel 271C2 to Channel 222C2 to accommodate the request of another party to provide new service on 271C3 in Smith, Nevada." See generally *Amendment of Section 73.202(B), Table of Allotments, FM Broadcast Stations (Smith and Reno, Nevada, Susanville and Truckee, California)*, MM Docket No. 96-103, *Report and Order*, 12 FCC Rcd 10218 (Chief, Allocations Branch 1997). You state that the condition on KCEZ's construction permit provides that program tests for the station on Channel 271 may not commence until programs tests for KHJQ commence on Channel 222, and that a license will not be granted for KCEZ on Channel 271 until a license is granted for KHJQ on

construction of the station, KCEZ filed a license application for the 271B1 facility. You state that because "the other stations had not yet completed their channels shifts . . . , the staff requested that KCEZ file a second interim construction permit and license application for Channel 271A, and granted KCEZ interim authority to operate pursuant to the 271A interim license application, while continuing to hold the 271B1 facility license application in pending status." You state that "[f]ollowing the last remaining channel shift, in May 2003[,] KCEZ notified the FCC that it was operating pursuant to the 271B1 license application."<sup>2</sup> You maintain that because "KCEZ has been a fully operational FM radio station for the past five years, Results Radio . . . should not be required to pay the higher \$1,800 fee for an entity holding an FM construction permit but should . . . be charged the lower \$950 fee for a Class A, B1 or C3 FM station that serves a population of 25,001 – 75,000." On February 18, 2004, you stated that KCEZ's license application remained pending.

The Commission may waive, reduce, or defer regulatory fees only upon a showing of good cause and a finding that the public interest will be served thereby.<sup>3</sup> Our records reflect that construction for station KCEZ has been completed. Our records also reflect that KCEZ holds a construction permit and has operated pursuant to program test authority while its license application remains pending. Under the circumstances of this case (including the fact that KCEZ has been operating pursuant to interim authority since July 11, 1998, while its license application remained pending and subject to the completion of conditions beyond its control), we find that the requested relief will serve the public interest. Accordingly, your request for reduction of FY 2003 regulatory fees is granted. You should note that KCEZ is under a continuing obligation to report to the Commission any changes in its operations that could affect its qualification for a regulatory fee reduction, including the grant of its license application for the station. You should retain this letter and submit a copy of it with any future correspondence with the Commission concerning the regulatory fee for KCEZ.

---

Channel 222. You state that "the condition on the KCEZ Channel 271B1 construction permit has been met and the license application . . . is ripe for grant."

<sup>2</sup> We note that in a letter dated May 30, 2003, Results Radio notified the Commission that KCEZ had "begun program tests with the Ch. 271B1 facilities[.]" See Letter from Ronald E. Castro, Chief Technical Officer, Results Radio Licensee, LLC, to Marlene H. Dortch, Secretary, Federal Communications Commission (dated May 30, 2003).

<sup>3</sup> See 47 U.S.C. §159(d); 47 C.F.R. §1.1166; see also *Implementation of Section 9 of the Communications Act, Assessment and Collection of Regulatory Fees for the 1994 Fiscal Year, Report and Order*, 9 FCC Rcd 5333, 5344 (1994), *on recon.*, *Memorandum Opinion and Order*, 10 FCC Rcd 12,759, para. 12 (1995) (regulatory fees may be waived, deferred, or reduced on a case-by-case basis in extraordinary and compelling circumstances upon a clear showing that a waiver would override the public interest in reimbursing the Commission for its regulatory costs).

Jack W. Fritz II, President

3.

A check made payable to the maker of the original check, and drawn in the amount of \$900.00, will be sent to you at the earliest practicable time. If you have any questions concerning this letter, please contact the Revenue and Receivables Operations Group at (202) 418-1995.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark A. Reger", with a stylized flourish at the end.

**Results Radio, LLC (FRN 0003763273)**  
**KCEZ, Los Molinos, CA (Facility ID 55437)**  
**Request for Partial Refund of Payment for FY 2003 Regulatory Fee**

Dear Mr. Fishel:

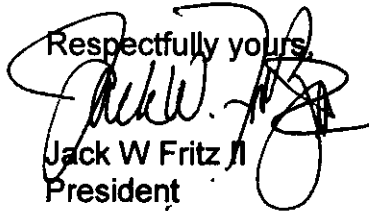

This letter requests a partial refund in the amount of \$900 of the \$1,850 FY 2003 Annual Regulatory Fee paid by Results Radio, LLC ("Results Radio"), for FM station KCEZ, Los Molinos, California. (An annotated copy of the Fee Filer Payment Report, Remittance Advice and check are attached.) The refund amount represents the difference between the higher \$1,850 fee (PTC 0316) for an outstanding FM construction permit and the lower \$950 fee (PTC 0342) for an operating, licensed FM station. As set forth below, because KCEZ has been providing service to the small community of Los Molinos for the past five years pursuant to a pending license application, Results Radio respectfully submits that the \$900 refund is fully justified.

The FCC granted KCEZ a permit to construct a new FM station on Channel 269A in May 1997, and in September 1997, issued a modified permit to operate on Channel 271B1 (the "271B1 facility"), with conditions relating to channel shifts of other stations. In April 1998, having completed construction, KCEZ filed a license application for the 271B1 facility. Since the other stations had not yet completed their channels shifts, however, the staff requested that KCEZ file a second interim construction permit and license application for Channel 271A, and granted KCEZ interim authority to operate pursuant to the 271A interim license application, while continuing to hold the 271B1 facility license application in pending status. Following the last remaining channel shift, in May 2003 KCEZ notified the FCC that it was operating pursuant to the 271B1 facility license application.

**RECEIVED NOV 12 2003**

Andrew S. Fishel  
September 19, 2003  
Page Two

As KCEZ has been a fully operational FM radio station for the past five years, Results Radio respectfully submits that it should not be required to pay the higher \$1,850 fee for an entity holding an FM construction permit but should in fairness be charged the lower \$950 fee for a Class A, B1 or C3 FM station that serves a population of 25,001-75,000. Accordingly, we respectfully request a refund of the \$900 difference between the two fees.

Respectfully yours,  
  
Jack W Fritz II  
President
